## Pension scams

### Don't let a scammer ruin your retirement

Pension scams are on the rise in the UK. The internet and advances in digital communications mean these kinds of scams are getting more common and harder to identify. There are different types of pension scam, but they can all lead to the possibility of you losing a lifetime's worth of savings in a moment.

The Government introduced some new pension transfer rules on 30th November last year to help prevent people becoming victims of pension scams. Pension schemes now have new powers to refuse a request to transfer a pension to another pension scheme if there is a risk it might be a scam. The changes remove an individual's automatic right to a transfer and require pension schemes to complete several additional tasks to satisfy themselves that a member's pension benefits are not at risk.

We may contact you to find out more information about the scheme you want to transfer to, how you were contacted and who advised you about the transfer. It is important that you answer our questions fully as soon as you can. We may stop the transfer if you do not provide the information required, or if that information indicates that you are likely to be at risk of a scam.

You may be required to attend a Pension Safeguarding Guidance appointment given by MoneyHelper. Transfers between Public Sector schemes are not affected by this new legislation.

## Member Survey 2022 – coming soon

**Please tell us what you think. Your views matter.**

Your Pension is important and so is making sure we deliver a first-class service to support you.

But do we do enough?

We will shortly be publishing our latest member survey where you can have your say. We will be contacting you via email with instructions on how to complete the survey soon.

## Lifetime allowance - a reminder

### **A reminder to notify HMRC if lifetime allowance protection is lost**

The [lifetime allowance](#) is the total value of all pension benefits you can have without triggering an excess benefits tax charge. In the 2021 Spring Budget the Chancellor, Rishi Sunak, announced that the pensions lifetime allowance will be frozen at £1,073,100 until April 2026. HMRC allowed members with substantial pension pots to apply for protection against these charges. You need to notify HMRC if your protection has been lost. Details of how are [detailed in this guidance](#).

## Changes to employee contributions

### **Salary thresholds and contribution rates change from April 2022**

The salary thresholds which dictate how much employees contribute to their pension from April 2022 are [now available on our website](#).

# Need to top up your retirement savings?

## You can pay extra now to boost your income in later life.

Most of us look forward to a happy and comfortable retirement. You may wish to consider paying extra pension contributions now to boost your income in later life. There are two ways you can pay extra contributions in the LGPS. You can pay Additional Pension Contributions, Additional Voluntary Contributions\* or both. You can also pay extra outside of the LGPS to increase your retirement income.

\*ESPF has selected Prudential (a leading savings and investments business) as our chosen provider for AVCs. The plan has a number of investment options to choose from. Deciding to take out an AVC plan is an important financial decision so we recommend that you [get guidance](#) and/or independent financial advice to help you decide if this route is most suitable for you.

If you are interested in paying AVCs please call the Prudential on 0345 6000 343.

# Are you looking after your loved ones?

## Nominating a beneficiary

With an LGPS pension, you have the added reassurance of knowing that your loved ones will be looked after when you're gone. If you die before taking your pension, it provides a tax-free lump sum to the people you care about most. You can express a wish as to who you would like to receive this lump sum (also known as your death grant), by nominating a beneficiary. The easiest way to do this is via our Member Self-Service Portal. By nominating sooner rather than later, it can save your loved ones a great deal of time and effort further down the line.

You can nominate your spouse or partner, son or daughter, family member or lifelong friend, a charity that's close to your heart or a combination of beneficiaries.

While your pension scheme has absolute discretion over who your death grant goes to (so it doesn't form part of your estate for tax purposes), they can take your wishes/nomination into account.

Choosing a loved one as your nominated beneficiary has many benefits:

- Gives you peace of mind that your lump sum goes to the right people
- Ensures your money is distributed fairly and securely
- Helps make sorting out your finances far less stressful for family and friends

Nominate your beneficiary today by visiting our Member Self-Service Portal:

# The ESPF Website

## Everything you need in one place

Are you aware that the East Sussex Pension Fund has its own website dedicated to supporting members of the pension scheme? It does. And the website holds a comprehensive range of information to support you in your retirement journey. It's certainly worth familiarising yourself with the site. We've recently added some video content and made some changes to the layout of the site following feedback from members to make the user journey as simplistic as possible.

### [ESPF main website address](#)

Some areas to explore:

[Paying in](#) – a whole section dedicated to active members of the scheme looking at areas such as membership and contributions, how the scheme works, what happens on your death and more.

[Investment](#) - it's our job to invest member and employer contributions to help fund the pensions that we pay now and those that we will be paying in the future. This section explains how we do it.

[Resources](#) – you can access forms, guides to the scheme, policies, and other key resources.

# Pension terminology...explained

## A glossary of terms to help navigate the world of pensions

You can now get to grips with pensions and retirement jargon with our handy glossary of some of the most frequently used pension terms in the Local Government Pension Scheme (LGPS).

## How we use your personal data

We hold information (personal data) on you to administer the Pension Fund. Find out how we use your data by [accessing the Full Privacy notice here](#).

We have recently added the following:

We do not use your personal data for marketing purposes and will not share this data with anyone for the purpose of marketing to you or any beneficiary. However, we may use your data to send surveys and other documents to you to help us improve the quality of service we provide.

We have also made changes to clarify the situation now that the UK is no longer part of the European Union.

# McCloud judgement

## No need to apply for the new underpin

When the LGPS changed from a final salary to a career average pension scheme in 2014, protections for older scheme members were introduced - known as the underpin. The Court of Appeal ruled that younger members of the Judges' and Firefighters' Pension schemes have been discriminated against because the protections didn't apply to them. The Government decided that the principles established to remove this discrimination will apply to all public sector pension schemes including the LGPS.

The proposed changes would mean that a revised underpin will apply to members, **regardless of their age**, who:

- Were active on 31 March 2012.
- Built up benefits in the 2014 Scheme (This is the current Local Government Pension Scheme in England and Wales which was introduced from April 2014)
- Do not have a disqualifying break of more than 5 years.
