

Pension Administration Strategy 2025

Introduction

East Sussex County Council is the Administering Authority for the Local Government Pension Scheme (LGPS) on behalf of the Scheme Members and Scheme Employers participating in the LGPS through the East Sussex Pension Fund (the Fund). The LGPS is governed by statutory regulations.

This is the Pension Administration Strategy (the Strategy) of the Fund in relation to the LGPS. The Strategy is kept under review and revised to reflect changes to LGPS regulations and Fund policies. Scheme Employers of the Fund are consulted when any substantial changes are proposed to this Strategy.

The aims of this Strategy are to set out the quality and performance standards expected of the Fund as Administering Authority and Administrator and its Scheme Employers and to further ensure that both the Administering Authority and the Scheme Employers are fully aware of their responsibilities under the LGPS, and to outline the key performance standards they are expected to meet to ensure the delivery of a high-quality, timely and professional administration service.

As at 31 March 2025 the Fund comprised 149 Scheme Employers with 86,784 scheme members in relation to the LGPS; the Fund value was assessed with a value of over £4.9bn.

Setting out the expectations of the Administering Authorities and Scheme Employers will help to ensure that:

- Administration standards improve and are maintained at a high standard;
- Set out the quality and performance standards expected of the Administering Authority and the Scheme Employers in relation to each other; and,
- Promote good working relationships and improve efficiency between the Administering Authority and the Scheme Employers for the benefit of Fund members.

This document therefore sets out a framework by way of outlining the policies and performance standards to be achieved when providing a cost-effective inclusive and high-quality pensions administration.

Delivery of a high standard of administration is not the responsibility of one person or organisation, but rather of a number of different parties, who between them are responsible for meeting the diverse needs of the membership. In recognition of these principles, this Strategy sets out:

- The roles and responsibilities of both the Fund and the Scheme Employers;
- The level of service the Fund and Scheme Employers will provide to each other; and
- The performance measures used to evaluate the level of service.

This Strategy is an agreement between the Fund and its Scheme Employers and is effective from TBC. The Strategy applies to all existing Scheme Employers and all new Scheme Employers joining the Fund after the effective date.

Legislative Framework

The LGPS is a statutory scheme, principally governed by The Local Government Pension Scheme Regulations 2013 (the Regulations). The Strategy has been created pursuant to Regulation 59 of the Regulations and shall be formally reviewed at least every three years.

In carrying out their roles and responsibilities in relation to the administration of the LGPS the Administering Authority and Scheme Employers must have regard to this administration strategy, relevant guidance and overriding legislation. This includes but is not limited to:

- Local Government Pension Scheme Regulations
- The Occupational Pension Schemes (Disclosure of Information) Regulations 2015
- The Pensions Act 1995, 2004 and 2014
- The Pension Schemes Act 2021
- The Public Service Pensions Act 2015
- The Freedom of Information Act 2000
- The Equality Act 2010
- Data Protection Act 2018
- The Finance Act 2004, 2006 and 2014
- All Relevant Health and Safety legislation
- The Pension Regulator's General Code of Practice
- Any other relevant legislation that may apply

The Pensions Regulator has responsibility for oversight of a number of elements of the governance and administration of Public Service pension schemes including the LGPS. The Regulator has the power to issue sanctions and fines in respect of failings of the Administering Authority, and also where employers in the Fund fail to provide correct or timely information to the Administering Authority. Where this occurs as a result of the actions or inactions of Fund employers, the Administering Authority may seek to recharge any costs back to the employer as set out later in this strategy.

Our Aims and Objectives

The purpose of this Strategy is to set out the quality and performance standards expected of East Sussex County Council in its role of Administering Authority and Scheme Employer's within the Fund, and the Pension Administration Team. The Fund has a number of specific administration objectives, these are to:

- provide a high quality, professional, proactive, timely and customer focused administration service to the Fund's stakeholders;
- administer the Fund in a cost effective and efficient manner utilising technology appropriately to obtain value for money;
- ensure the Fund's Scheme Employers are aware of and understand their roles and responsibilities under the LGPS regulations and in the delivery of their administration obligations;
- ensure the correct benefits are paid to, and the correct income collected from, the correct members at the correct time;

- have a culture of risk awareness, governance and compliance and work effectively with partners and stakeholders
- maintain accurate records and ensure data is protected and has authorised use only; and,
- ensure the roles and responsibilities for all stakeholders are clearly set out and understood so that they work seamlessly together in the delivery of the Fund's administration.

Administration of the East Sussex Pension Fund

East Sussex County Council as Administering Authority, has delegated responsibility for the management of the Pension Fund to the East Sussex Pension Committee, taking into consideration advice from the Pensions Board and specialist advisers, and administered and implemented by Officers of the Fund. The Pension Committee and Pension Board monitors the implementation of this Strategy through quarterly service reports and through the Fund's breaches log.

This Strategy will ensure that Scheme Employers have a common understanding of their obligations under the Local Government Pension Scheme and that administrative processes are designed to maximise efficiency and manage risk.

The success of the Fund largely depends on the strength of the relationship between the Administering Authority and the employers that participate in it. Employers have a range of responsibilities within the LGPS and have an obligation to ensure that these duties are effectively delivered. The Fund will provide guidance and support as well as free training where relevant for Scheme Employers to build up and maintain a level of professional expertise which will enable employers to deliver information required by the Fund to efficiently manage the scheme. Guidance for Scheme Employers on a range of topics of responsibility, as well as forms to enact responsibilities are published on the Funds website for ongoing access. This will ensure employers have a sound understanding of:

- Employer discretion policies;
- The role of the appointed person and the Internal dispute resolution procedure;
- Their responsibilities for starters, leavers and changes to membership as set out in the Fund's administration strategy;
- Their responsibilities for collecting and remitting contributions (and, additional contributions);
- The reasons for leaving under the LGPS Regulations;
- Providing information requested by the Fund through monthly data uploads and at year end, or as required for other responsibilities; and,
- Their responsibilities with respect to outsourcing, staff transfers and re-organisations.

The Fund will look for opportunities to work collaboratively with other Administering Authorities to reduce development costs and enhance the quality of information. This might include working with our investment pool colleagues, attending the Southern Area Pension Officer Group, and/or use of the LGPS procurement frameworks.

Communications

The Fund published an updated Communication Strategy Statement in June 2025 which describes the way the Fund communicates with its Scheme Members, Scheme Employers and other stakeholders and interested parties. The latest version of the Communication Strategy Statement can be obtained from the Fund's website:

<https://www.eastsussexpensionfund.org/media/lzrj0hat/communication-strategy-2025-east-sussex-pension-fund.pdf>

The Fund aims to communicate with Scheme Employers on an ongoing basis in respect of developments relating to the LGPS including training opportunities, as well as ensuring that employers are notified of changes to either professional practice, administration procedures, legislation, notifications from the Pension Regulator, and/or changes to pension scheme regulations as these arise.

The Fund holds an Employer Forum annually in November, to provide opportunities for networking, meet and greet opportunities, as well as to provide information on developments in progress which may affect all Scheme Employers and Scheme Members.

The Fund has established i-Connect as the default means for the transfer of employee information from employers to the Fund. I-Connect is a cloud-based platform that allows employers to provide employee details in a secure method and negates the need to provide end of year reporting. Monthly data uploads from employers inform the Fund of any changes to members details, new Joiners and also allows for the upload of leaver forms. The Fund continue to work to onboard all scheme employers, having done so with more than 95% of Fund employers.

Performance Standards

The Administering Authority and Scheme Employers have statutory obligations, functions and tasks in respect of the rights and entitlements of individual Scheme Members. These define a standard of performance and service delivery to individual Scheme Members, which constitute the agreed statutory minimum standards to which Scheme Employers must comply. In instances where Scheme Employers use external service providers for functions relating to the administration of the LGPS, it is incumbent on all employers to ensure that their suppliers and service providers comply with applicable legislation and regulations which apply to the administration of the East Sussex LGPS Fund.

Roles and Responsibilities

Scheme Manager

The East Sussex County Council as Administering Authority, has delegated responsibility for the management of the Pension Fund to the East Sussex Pension Committee, to oversee the management of the Pension Fund. The Pension Board provides assistance to the Administering Authority in ensuring compliance with the regulations. As the Funds Pensions Administration Strategy affects the administration of the Pension Fund, the Pension Board will review the effectiveness of the Fund's Pension Administration Strategy on a regular basis while considering the Funds Administration activity and Performance and activity that could result in Breaches of the law. Details of roles and responsibilities of the Scheme Manager is set out in Appendix A.

Pension Administrator

Pension Administration is delivered as an in-house service and the performance standards that scheme employers and scheme members should expect is outlined in Appendix B for Service Standards. These Service Standards are focused on the key activities which Scheme Employers and Scheme Members are involved in and should not be viewed as a complete list of all activities. It includes key performance indicators that the Administering Authority has agreed for reporting.

Scheme Employer Responsibilities

The roles and responsibilities of Scheme Employers are set out in Appendix C. The appendix defines the main responsibilities of Scheme Employers, to ensure an efficient, accurate and high-quality pension service to Scheme Members when working in partnership with the Pension Administration Team.

Improving Performance

The Fund's Pension Administration Team provide the administrative support to ensure that the administration functions are delivered in compliance with the requirements of the law. If Scheme Employers do not provide the requested data correctly, in the correct format and within the timescales requested by the Administrator, there is a risk the Fund cannot meet its legal obligations and may be liable to penalty fines imposed by The Pension Regulator.

This Strategy is therefore focused on good partnership working between Administrator and the Fund's Scheme Employers. The Fund's Employer Engagement team assume the responsibility to help support Scheme Employers directly with training and general support in carrying out their responsibilities while providing a clear route for contact. However, it is recognised there may be circumstances where employers are unable to meet the required standards. The Administering Authority will seek, at the earliest opportunity, to work closely with employers in identifying any areas of poor performance or misunderstanding, provide opportunities for necessary training and development and put in place appropriate processes to improve the level of service delivery in the future. It is expected that it will be extremely rare for there to be ongoing problems but, where persistent and ongoing failure occurs and no improvement is demonstrated by an employer, and/or unwillingness is shown by the employer to resolve the identified issue, we set out below the steps the Fund will take in dealing with the situation in the first instance:

- The Administering Authority will issue a formal written notice to the person nominated by the employer as their key point of contact and any other such employees deemed appropriate, setting out the area(s) of poor performance.
- The Administering Authority will record the breach, consistent with the Fund's Breaches Policy. Consideration will be given to whether the breach should also be reported to The Pensions Regulator.
- The employer will be requested to create and propose a data improvement plan to the Administering Authority.
- The Administering Authority will request a meeting with the employer to discuss the area(s) of poor performance, how they can be addressed, the timescales in which they will be addressed and how the proposed improvement plan will be implemented and monitored.
- The Administering Authority will issue a formal written notice to the person nominated by the employer, setting out what was agreed at that meeting in relation to how the area(s) of poor performance will be addressed the timescales in which they will be addressed.
- A copy of this communication will be shared with:

- The Head of Pensions at East Sussex County Council
- The Director of Finance or other senior officer at the relevant employer.
- The Pension Board and Pensions Committee of East Sussex County Council
- The Administering Authority will monitor whether the improvement plan is being adhered to and provide written updates at agreed periods to the person nominated by the employer, with copies being provided to the Head of Pensions and the Director of Finance (or alternative senior officer) at that employer.
- Where the improvement plan is not being delivered to the standards and/or timescales agreed, the matter will be escalated to the Head of Pensions who will determine the next steps that should be taken. This may include (but is not limited to):
 - Meetings with more senior officers at the employer.
 - Escalating to the Pension Committee and/or Pension Board, including as part of the Fund's Procedure for Recording and Reporting Breaches of the Law.
 - Costs and Charges

The Fund will work closely with all employers to assist them in understanding all requirements, whether they are specifically referenced in the LGPS Regulations, in overriding legislation, or in this Strategy. The Fund will work with each employer to ensure that overall quality and timeliness is continually improved. The 2013 LGPS Regulations provide that an administering authority may recover from an employer, any additional costs including interest associated with the administration of the scheme, incurred as a result of the unsatisfactory level of performance of that employer.

Where an administering authority wishes to recover any such additional costs they must give written notice stating:

- The reasons in their opinion that the employer's level of performance contributed to the additional cost.
- The amount the Administering Authority has determined the employer should pay.
- The basis on which this amount was calculated.
- The provisions of the Strategy relevant to the decision to give notice.

The Administering Authority will recharge to an employer any additional costs incurred by the Fund in the administration of the LGPS as a direct result of such unsatisfactory performance and where it is reasonable to do so. In instances where the performance of the employer results in:

- fines being levied against the Administering Authority by The Pensions Regulator, Pensions Ombudsman or other regulatory body, an amount no greater than the amount of that fine will be recharged to that employer.
- the improvement plan as outlined elsewhere in this strategy is not being adhered to, the Pension Committee may determine that additional costs may be recharged. In these circumstances, the Pension Committee will determine the amount to be recharged and how this is to be calculated. The employer in question will be provided with a copy of that report and will be entitled to attend the Pension Committee when this matter is being considered.

Employers may also be required to pay for additional work that is outside of business as usual, including but not limited to:

- Requesting the Fund undertake non-standard work
- Requesting work to be completed earlier than the normal service standards.
- Requiring the use of external providers (such as the Fund actuary) to complete non-standard work

Where possible the employer's agreement to the charge will be obtained prior to the work being carried out.

All additional costs relating to this Strategy are met directly by the Fund unless mentioned otherwise.

Charges for additional administration

The table below sets out the fees which the Fund will levy on a Scheme Employer whose performance falls short of the standards set out in this document. Charging is a last resort and the approach outlined in the section above will be followed before a fee is levied.

Charges will be reviewed on an annual basis, and increased in line with the Consumer Price Index (CPI).

If an issue has not been resolved within 10 working days of a warning being issued, a fee will apply and the Fund may take further action as appropriate regarding the failure to comply with the statutory requirements.

In addition to the above and consistent with regulation 71 of The Local Government Pension Scheme Regulations 2013, interest may be charged at 1% above base rate on any sum remaining unpaid for more than one month beyond the date on which it became due.

Where delays in providing information result in the Fund being liable to pay interest in accordance with Reg 81 LGPS Regulations 2013, or any superseding legislation, this will be recharged to the Employer.

The Administering Authority does also apply charges for non-standard work requested by members. These are covered outside of this document and subject to periodic review. Such charges include requesting more than one Cash Equivalent Transfer Value and non-standard work relating to divorces.

Audit queries – charges for additional work

The Fund regularly receives queries from employers in relation to their own audits. Whilst the Fund does not object to providing information about it to help employers understand how the Fund operates and how it is constituted, such queries can take a significant amount of time to answer and take resource away from the day-to-day operation of the Fund.

The Fund is audited annually and publishes the annual report and accounts and audit certificate on the website. The Fund publishes a significant amount of information about the Fund, its activities and investments; and actuarial information is provided directly to employers.

Scheme Employers are urged to review the information on the Fund's website: <https://www.eastsussexpensionfund.org>, and, to consider the information published by the Local Government Association.

Where auditor queries still need to be referred to the Fund, we would ask that a single request with all queries is made. Work carried out to answer these queries will be recharged at a cost of £50 per hour for Officer time along with any costs incurred by the Fund. Such costs include, but are not limited to, Actuary fees.

Key Risks

The key risks to the delivery of this Strategy are outlined below. The Head of Pensions and other officers will work with the Pension Committee and the Pension Board in monitoring these and other key risks and consider how to respond to them in line with the Fund's Risk Management Policy.

- Lack or reduction of skilled resources due to difficulty retaining and recruiting staff members and staff absence due to sickness. This may include both the Administering Authority and Fund employers.
- Significant increase in the number of employing bodies causes strain on day-to-day delivery.

- Inadequate performance against service standards by the Administering Authority and/or Fund employers.
- Significant external factors, such as national change, impacting on workload.
- Incorrect calculation of members' benefits, resulting in inaccurate costs.
- Employer's failure to provide accurate and timely information resulting in incomplete and inaccurate records. This leads to incorrect valuation results and incorrect benefit payment.
- Failure to administer the scheme in line with regulations as listed under 'Regulatory Basis' in this Statement. This may relate to delays in enhancement to software or regulation guidance.
- Failure to maintain records adequately resulting in inaccurate data.
- Unable to deliver an efficient service to pension members due to system unavailability or failure.
- Failure to maintain employer contact database leading to information being sent to incorrect person.

Consultation and review process

This Strategy was approved on 26 February 2026 by the East Sussex Pension Committee and is effective from this date. It will be reviewed annually by both Officers and the Pension Board and updated at least every three years or less if required, taking account of any changes to the LGPS or other relevant Regulations or Guidance.

In preparing this updated Strategy, the Fund has consulted with its scheme employers; the scheme member and employer representatives on the East Sussex Pension Board; and other persons considered appropriate. Further consultation will be undertaken should any substantial changes be proposed to this Strategy following its approval by the Pensions Committee.

The latest version of this Strategy will always be available on the Fund website:
