- (3) 'Gainful employment' means paid employment for not less than 30 hours in each week for a period of not less than 12 months. It does not have to be employment that is commensurate in terms of pay and conditions with that of the person's former employment.
- (4) The independent registered medical practitioner signing the certificate must have been approved for this purpose by the Pension Fund administering authority.
- (5) The independent registered medical practitioner is providing an opinion on the person's capability of undertaking gainful employment based solely on the effect the medical condition has on the ability to undertake gainful employment.

General

If B1 is ticked, the 3rd tier ill health pension remains suspended as the member does not satisfy the requirements to have it brought back into payment.

If B2 is ticked, the employer can bring the suspended 3rd tier ill health pension back into payment from the date the person became permanently incapable of undertaking any gainful employment. Pensions Increase will be payable under the Pensions (Increase) Act 1971 even if the member is under age 55.

The opinion given by the approved registered medical practitioner does not, in itself, determine whether the suspended pension is brought back into payment. Nor should the medical practitioner indicate to the individual that a benefit under the LGPS will be payable. It is for the former employing authority to make the formal determination.

These notes were up-to-date when this form was updated in March 2014 and are provided for information only. They confer no contractual or statutory rights and in the event of any dispute the appropriate legislation will prevail.
